Accordingly, the Commission will not establish a schedule for the conduct of the countervailing duty investigation until Commerce makes a preliminary determination in the antidumping investigation (currently scheduled to be made by January 19, 1995).

FOR FURTHER INFORMATION CONTACT: The Department of Justice Crime Bill Response Center, (202) 307-1480 or 1-800-421-6770, or David Hayeslip or Craig Uchida, Office of Community Oriented Policing Services, U.S. Department of Justice, 633 Indiana Avenue, N.W., Suite 300, Washington, DC 20531, (202) 514-2058.

SUPPLEMENTARY INFORMATION:**Overview**

The Violent Crime Control and Law Enforcement Act of 1994 (Pub. L. 103-322) authorizes the Department of Justice to make grants to increase deployment of law enforcement officers devoted to community policing on the streets and rural routes in this nation. COPS MORE is designed to expand the time available for community policing by current law enforcement officers, rather than fund the hiring or rehiring of additional law enforcement officers.

COPS MORE permits eligible agencies to seek funding for the purchase of

equipment and technology, the procurement of support resources (including civilian personnel) and to pay overtime. As a result of this funding, the number of officers redeployed by agencies in community policing must be equal to or greater than the number of officers that would result from grants of the same amount for hiring new officers. Application Kits will be available as of December 31, 1994. Completed Applications Kits must be received by the COPS Office by March 17, 1995.

Applicants must provide a thorough explanation of how the proposed redeployment funds will actually result in the required increase in the number of officers deployed in community policing. Additionally, the applicant must specify within the COPS MORE Application a plan for continuing the proposed activity following the conclusion of COPS MORE funding. Technical assistance with the development of policing plans will be provided to jurisdictions in need of such assistance. Grants will be made for up to 75 percent of the cost of the equipment, technology, civilian salaries or overtime for one year, with the remainder to be paid by state or local funds. In the case of overtime grants, federal funds may be used for up to 75 percent of an officer's hourly overtime rate of pay. An officer's regular overtime wage is the amount an officer is paid for each hour of overtime services, and does not include benefits. COPS redeployment funds may not be used to replace funds that eligible agencies otherwise would have devoted to equipment, technology, civilian hiring or overtime.

An award under COPS MORE will not affect the eligibility of an agency's application for a grant under any other COPS program. An agency that receives funding under COPS Phase I, COPS AHEAD and/or COPS FAST is eligible to receive additional funding under COPS MORE, however, any prior award may be considered in the assessment of the agency's need for additional resources under COPS MORE.

Dated: January 3, 1995.

John R. Schmidt,

Associate Attorney General.
